gokce@asova.co
<http://www.asova.co>

A creative, enthusiastic and versatile person, with competences and expertise in various fields such as specialisation in electronic document management and web development. One of my strongest skills is communication, organisation and analysis of business needs allowing me to take effective initiatives to achieve my goals. I count on the quality and results of my work. I have a very good technical knowledge of the business allowing me to clearly identify the details to enable the delivery of projects on time and within the agreed budget. I have a preference for the technical environment where I am required to develop and use new technologies that allow me to challenge myself. I enjoy working in a team and my ability to manage stress and, if necessary, help my colleagues, allows me to integrate and adapt to all kind of situations.

Career History

Since October 2015 - Anadolubank

Anadolubank, is a young, dynamic, high-growth institution and is regarded as one of Turkey's most promising banks. Over the past decade, the Bank has increased its performance gradually by developing a structure aligned to the needs of contemporary banking.
